WHY BUSINESSES NEED CYBER LIABILITY COVERAGE

- Cyber Liability is necessary for any business using computer networks

- Small businesses are the most vulnerable because of their lack of big technology departments and IT staff

- There is a hacker attack every 39 seconds in the United States

- Ransomware/Extortion attacks are costly and can hault your business

- Ransomware is an ongoing threat that will only evolve over time

- 85% of all data breaches occur at the small business level

- The growing threat of Ransomware has demands increasing above $100,000

PURCHASE A CYBER LIABILITY POLICY TO AVOID THESE POTENTIAL OUT-OF-POCKET LOSSES.
